

BEAM Plus New Buildings (NB) Training and Examination

What is BEAM Professional (BEAM Pro)?

BEAM Professionals (BEAM Pro) are accredited by the Hong Kong Green Building Council (HKGBC) to promote the principles of green building and facilitate the green building certification process. They are green building professionals trained in various aspects of the entire green building life cycle. A key role of BEAM Pro is to integrate the latest green building standards and practices into everyday building planning, design, construction and operation. In a typical engagement, BEAM Pro are embedded in project teams; and will be responsible for advising the project team on how to achieve the required credit points to attain the client's desired green building rating level.
